

Chiropractic Schools & Prerequisite Coursework

School & Campus Location(s)	Core Science Prerequisites (Minimum 24 Credits Total)	Humanities & Social Sciences Prerequisites	Prerequisite Information URL
Cleveland University- Kansas City <i>(Overland Park, KS)</i>	24 credits in Life/Physical Sciences (Biology, Anatomy, Physiology, Chemistry). Lab components required.	Well-rounded general education (Humanities, Social Sciences, Communications).	CUKC Admissions Track
D'Youville University <i>(Buffalo, NY)</i>	24 credits in Life/Physical Sciences (Biology, Human Anatomy, Physiology, Chemistry, Biochemistry, Physics). Half must include labs.	3 credits in English, 3 credits in Psychology, and general education electives.	D'Youville Pathway Details
Life University <i>(Marietta, GA)</i>	24 credits in Life/Physical Sciences (minimum 12 credits with labs). Strongly recommends Biology, General Chemistry, and Organic Chemistry/Biochemistry.	20+ credits in Social Sciences and Humanities (including English and Psychology).	Life University Catalog

Life Chiropractic College West <i>(Hayward, CA)</i>	24 credits in Life/Physical Sciences (at least 12 lab credits). Coursework in Biology, Chemistry, and Physics is expected.	General education requirements including English/Communications and Psychology.	CCE Joint Requirements
Logan University <i>(Chesterfield, MO)</i>	6 credits Biological Sciences (with labs); 12 credits Chemistry (with labs, mixing General & Organic/Biochem); 6 credits Physics/Kinesiology/Statistics.	6 credits Language/Communications; 3 credits Psychology; 15 credits Social Sciences/Humanities.	Logan Admissions Requirements
Southern California University of Health Sciences (SCU) <i>(Whittier, CA)</i>	24 credits in Life/Physical Sciences (minimum 12 lab credits). Emphasizes standard General Biology, General Chemistry, and Physics tracks.	General education spanning Humanities, English Composition, and Behavioral Sciences (Psychology).	SCU Admissions Policy
National University of Health Sciences	24 credits in Life/Physical Sciences. Requires biological sciences, general chemistry, organic chemistry, and physics tracks with core labs.	15 credits in Humanities and Social Sciences alongside standard English/Communications.	NUHS Curriculum Blueprint

<i>(Lombard, IL & Pinellas Park, FL)</i>			
Northeast College of Health Sciences <i>(Formerly NYCC - Seneca Falls, NY)</i>	24 credits in Life/Physical Sciences. Half must have a lab component. Focuses on Biological Sciences, General & Organic Chemistry, and Physics.	English/Communications, Psychology, and assorted Humanities electives to round out general education.	Northeast Admission Standards
Northwestern Health Sciences University <i>(Bloomington, MN)</i>	24 semester credits in the life and physical sciences. Recommended: General Chemistry 1 and Biology 1 sequences with lab.	15+ credits across the Humanities and Social Sciences (including Psychology and English).	NWHSU Admissions Overview

<i>(Pasadena, TX)</i>			
University of Bridgeport <i>(Bridgeport, CT)</i>	24 credits in physical/life sciences (minimum 12 lab credits). Recommended coursework includes Biology, A&P, Chemistry, Organic Chemistry, and Physics.	General education distribution including English, Psychology, and Social Sciences.	UB Admissions Overview
University of Western States <i>(Portland, OR)</i>	24 credits in life/physical sciences (12 with labs). Must include at least 1 course in Biological Sciences, General Chemistry, Organic/Biochem, and Physics.	Balanced general education criteria spanning Psychology, Humanities, and English/Communications.	UWS Admissions and Coursework
